NOTHING IS IMPOSABLE

Take Time To Look at the Moon

It would not have been possible for me to Attend the 2009 IAHSa INTERNATIONAL CONFERENCE IN LONDON without the help and support from Margie van Zyl. It would not have been possible for me to meet Australian "SAGE GROUP" without Judy and Jabu (J. to J.) Telling a story

It was three weeks before the conference when Jabu met Judy. Judy was walking along the road side (dusty) when Jabu waved at her and said Hi' and Judy responded with a smile and waved back. Sometimes when you greet the tourists in our area they ignore you. The story telling started there. They both walked or drove to Emseni Old Age Home. Things just happen can you understand how Emseni, IAHSa, Australia "SAGE" met? Nothing is imposible. Judy, Ginger. all CEO's and delegates were concerned about Emseni in Rorkesdrift, With the money that was raised from London IAHSa conference we bought a press iron "The chick" ruffle.

I won't forget the wonderful time I had in London. Meeting different people from other countries, Speakers, presentations and workshops, "Dementia" I remember most, The "Butterly" Tours to the Royal hospital Chelsea, The red jackets gentleman taking us around the whole building. Whiteley Village two ladies to see that the Chapel is cleaned and wellmantained one on a wheel chair but still strong and healthy, not sitting and waiting for D/Day to come and be in Heaven.

During this year Sunnyside Home PADCA. Pietermarizberg donated an ambulance to Emseni. Now it is easy for us to transport sick residents to hospital and clinic. Thanks to Margie for Practising what she preaches God Bless.

LOOKING FOR SOME 2012 PROJECT

1. To Remodel the rooms Focusing on small rooms to enable the home owners (residents) to feel a sense of accomplishment, change curtains, paint the walls and put nice rags and carpets, wall pictures and clocks
2. To the garden - a variety of shrubs, flowers to enjoy the morning and evening breeze.

Thank you Margie, Ginger, Judy everybody at the 9th conference. Enjoy.

Love & God bless
Marygold
